Jeff,

Thanks for your assistance getting the joint motion on file. Apple never responded to our compromise offer on issue 2, the deadline for waiving privilege. But based on Apple's edits to the joint motion, it appears to us (1) Apple agrees that some deadline is appropriate but (2) Apple wants a deadline to disclose the privilege-waiver decision later than August 10 and an even later deadline for production and supplementation of the materials falling within the scope of the waiver. Please confirm Apple's position, including what deadlines Apple proposes, so that we may address Apple's position in our brief.
